

200 MILES PER GALLON !!

WindJammer "Motor Assisted" Foldable Bicycle

Good-Bye: Costly Moped Rentals, limited parking & tiresome end of the day pedaling

This outstanding bicycle gets up to 200 mpg and fits in your auto, boat or private plane.

Lightweight and Fast: The WindJammer's frame and components are 7005, aircraft-quality aluminum & salt water worthy. The complete bike weighs only a mere 44 lbs. and has a weight capacity of 300 lbs. The high tech 33cc motor propels the bike to speeds in excess of 25 mph.

Easy Starts: Easy prime button combined with large pull start grip and choke.

Smooth and Safe: Adjustable suspensions, comfortable, stopping power provided by the amazingly powerful V-brakes on both front & rear.

Easy to Operate:

The patented chain drive system along with the automatic transmission allows the rider to stop and go without engaging or disengaging the motor. You may also pedal your WindJammer like a regular bike.

Compact and Simple:

Quickly folds with no tools, easy to store in your auto, boat or private plane. Bike fits neatly out of the way at home, work or dorm room!
